### WHAT YOUR CHILD IS LEARNING

This pack builds early reading comprehension. Your child listens to short stories and shows what they understood by finding three things: the characters (who the story is about), the setting (where it happens), and the important events (what happened). The pages grow step by step — one idea at a time, then all three together in a story map. Aligned with the Michigan kindergarten reading standard RL.K.3: with prompting and support, identify characters, settings, and major events.

### ANSWERS

#### Page 1 — Who Is in the Story?

Circle TWO pictures: the bunny (1st) and the bird (3rd).  
Benny and Pip are the characters. The cat and the fish are not in the story.

#### Page 2 — Where Does It Happen?

Circle the pond (middle picture). The story happens at the pond — not in the forest or the desert.

#### Page 3 — What Happened?

Circle the butterfly on Kit's nose (middle picture). Kit did not drink milk or go to sleep in this story.

#### Page 4 — Story Detective

WHO: the puppy (middle). WHERE: the beach (right).  
WHAT: Max finding the big shell (left).

#### Page 5 — My Story Map

WHO: Molly the mouse (3rd of 4). The cat is in the story, but the story is mostly about Molly. WHERE: the barn (left).  
WHAT: Molly eating the big cheese (right).

**Tip: Read each story aloud first, then let your child find the answers in the pictures.**
